As a reminder, offerors who have not submitted a proposal under Phase I for FirstSource III cannot submit a proposal for consideration for Phase II.

Offerors are reminded that once proposals are due and as the government enters source selection, individual communications with offerors may be limited. Periodic updates will continue to be posted to SAM.gov to inform offerors of the procurement's status.

## 11.18.22

Dear Industry Partners,

As stated in our November 15, 2022 notice, we said we would notify you if there were any changes to our timeline to release the next FirstSource III amendment.

Accordingly, this is to notify you that the amendment to answer the technical questions will not be issued on or before November 21, 2022. Therefore, Phase II proposals are not due November 21, 2022. A new due date will be established when

Past Performance Questionnaires will continue to be accepted. Also, as a reminder, offerors who have not submitted a proposal under Phase I for FirstSource III cannot submit a proposal for consideration for Phase II.

DHS is issuing Amendment 0011 to the FirstSource III solicitation. The upcoming amendment will also include updates to the relevant solicitation documents as a result of the answers to the contracting and technical questions. The amendment, when issued, will also provide another extension to the proposal due date and may include another question and answer period. All due dates will be structured to be mindful of the holiday season ahead.

**8.3.22**

Dear Industry Partners,

DHS is issuing Amendment 0004 to the FirstSource III solicitation. These changes impact Phase II of the solicitation only. The Phase I evaluation process is complete and the advisory down select notices have been distributed. Offerors who have not submitted a proposal under Phase I for FirstSource III cannot submit a proposal for consideration for Phase II. Any proposals received for Phase II that were not evaluated for Phase I will not be evaluated for Phase II.

Most significantly, this amendment changes the language at Sections L.4 and L.6.2.2, Signed Cover Letter, to extend the proposal validity for Phase II proposals from 120 days to 180 days. It also changes Section L.7.2.5.2 Factor 4 - Past Performance (Volume II) instructions. As a result of the changes to Section L.7.2.5.2, offerors shall provide Past Performance Questionnaires only. The statement regarding available CPARS information has been removed. The amendment also changes the e-mail address for submission of the Past Performance Questionnaires to the FirstSource III ITVAR and Software e-mail boxes and provides a naming convention for the Past Performance Questionnaires. An updated Attachment 7, Past Performance Questionnaire with the updated e-mail addresses is provided. If a reference submitted a Past Performance Questionnaire prior to this amendment, please have them resubmit the questionnaire. Questionnaires submitted prior to Amendment 4 will not be considered.

This amendment also provides an updated Attachment 6, Compliance Checklist. Offerors are advised to ensure they complete and submit the Phase II tab of the revised checklist. The due date and time for the Phase II proposal responses is also updated in the solicitation. That date is August, 24, 2022 at 10 am Eastern. Again, please be advised that any proposals received for Phase II that were not evaluated for Phase I will not be evaluated for Phase II.
